

TRANSMIT/RECEIVE Antenna Ref.: NE5225

DESCRIPTION

This antenna has been designed for Transmit or Receive microwave signal in Right Hand Circular Polarization or Left Hand Circular Polarization (Factory setting).

TECHNICAL SPECIFICATIONS

| | | |
|-----------------|---|--------------------------------|
| Frequency range | : | 2.3 GHz +/- 100 MHz |
| Polarization | : | RHCP or LHCP (factory setting) |
| 3 dB beamwidth | : | 13° at 2.3 GHz |
| Gain | : | 20.5 dBi typ. at 2.3 GHz. |
| Impedance | : | 50 Ohms |
| Connector | : | "N" Female |
| Protection | : | Radome IP 53 |
| Mechanical | : | diametre 650 mm, depth 450 mm |
| Weight | : | 5.5 Kg typ. |
